# RAVI KUMAR

UI/UX Designer & Web Designer - Design Systems, Web & Mobile App UI
Chandigarh, India | 7055522514 | 7055ravikumar@gmail.com | linkedin.com/in/ravi-kumar-842b02250

## PROFILE

UI/UX Designer with 3+ years turning ambiguous product requirements into validated user flows, information architecture, and clean, systemized interfaces - then partnering with engineering to ship them without losing intent in handoff. Skilled in user research, usability testing, and Figma-based prototyping, with working front-end fluency (Angular, HTML5, CSS, Bootstrap, Tailwind).

## CORE SKILLS

**UI/UX Design:** User research, wireframing, high-fidelity prototyping, user flows, design systems, accessibility
**Figma:** Components, variants, auto-layout, interactive prototyping, motion & animation
**Web Design Tools:** Angular, HTML5, CSS3, SASS, Bootstrap, Tailwind CSS
**AI Workflows:** Figma AI, Claude, ChatGPT, GitHub Copilot, VS Code AI, Emergent AI

## PROFESSIONAL EXPERIENCE

### **UI/UX Designer & Web Designer - Freelance** June 2025 - Present

- Owned full product design lifecycle - research, user flows, wireframes, UI, and front-end build.
- Reduced client revision cycles by running structured user research & upfront discovery.
- Cut new-screen design-to-build time by creating unified component system in Figma & code.
- Built and shipped production front-end code (Angular, HTML5, CSS3, Bootstrap, Tailwind CSS).

### **UI/UX Designer & Web Designer - Absolve Innovation** Sep 2024 - Mar 2025

- Designed & helped build interfaces for HR-tech and IT-services platforms.
- Shortened design-to-dev handoff working directly with Product Owners & engineering.
- Built shared UI component system in Figma and code (Angular, Bootstrap, HTML5, CSS3).

### **UI/UX Designer & Web Designer - TueSpot Solutions** Dec 2022 - July 2024

- Designed responsive web/mobile interfaces and contributed to front-end builds.
- Established reusable UI component system & IA standards to reduce project rebuild time.

### **UI/UX Designer Intern - Omninos Technologies** May 2022 - Nov 2022

- Designed and implemented responsive website layouts and UI components in HTML/CSS/WordPress.
